Covid Incidence 2022-2023

School Year: Known Cases

- ✧ **Benson:** Students 20, Staff 2
- ✧ **Franzen:** Students 24, Staff 5
- ✧ **Peacock:** Students 20, Staff 0

Totals: Students 64, Staff 7

ISBE

[JB Pritzker Memo May 10, 2023](#)

Observations

- ✧ Incidence has remained under an average of 1% at point in time across D10
- ✧ There are many cases where staff and students have been symptomatic and either tested negative for Covid or have been diagnosed with other illnesses
- ✧ We will continue to practice health prevention measures
- ✧ We are not tracking cases specifically next year
- ✧ As always with other illnesses, we will encourage students to stay home when they are ill and not available to learn

Questions/Comments
